## Technical experience

### Information Technology Institute (ITI) Internship\_ *Front-End Web Developer ( 8/2022-11/2022 )*

My work is basically with the front end team we work with React.js as a main framework we from time to time need to deal with back end which is mainly work with Node.js I learned how to deal with Git and Github working with postman through my journey with the team.

### Information Technology Institute (ITI) Internship\_ *Front-End Web Developer ( 9/2022-11/2022 )*

I have worked with front end team with basics of web development like HTML, CSS, Angular

## Projects:

- [Sanai3y](#) :

*Front-End Web Developer ( 8/2022- 11/2022 )*

This project was done during the training period at ITI Institute with my team. The idea of the project is to help people as quickly as possible to get craftsmen in all fields near them, and we also help the craftsman to increase his income and get more jobs.

- [The Noble Quran and the French translation of its meaning \\_IslamHouse:](#)
- [The Noble Quran and the english translation of its meaning \\_IslamHouse:](#)

*Front-End Web Developer ( 1/2022-2/2022)*

To know more about islam and introducing about it and disseminate the correct understanding of islam with basics of web development like HTML, CSS , Responsive media query, and jquery.
